

1-800-Recycling.com's "My Recycle List" Now Available via SprintZone on all Sprint Android Devices

March 23, 2011

1-800-Recycling.com, an interactive nationwide company dedicated to simplifying and enhancing the consumer recycling experience, has announced that its "My Recycle List" app is now featured for free download at Sprint's SprintZone via Sprint Android devices.

"My Recycle List" is a user-friendly tool designed to help anyone, anywhere in the country participate in the recycling of items they would otherwise throw away.

My Recycle List is the first fully comprehensive "all items, all zip codes" recycling app available for the Android Phone. 1-800-Recycling's free tool enables the user to quickly find recycling locations nearby that accept items the user chooses from a selection menu. The app enables the user to easily organize locations by adding them to a personalized list – like an intuitive grocery list for recyclers.

Much like 1-800-Recycling's website and phone system, the My Recycle List app is designed to take the burden out of doing the right thing with unwanted junk by making it easy to accomplish recycling goals in the least amount of trips.

"Having our My Recycle List tool be available via the SprintZone means heightened accessibility for Sprint Android users and yet another step forward for our mission to provide information, through 1-800-Recycling.com, to make the recycling process easier for everyone," said John Shegerian, Chairman and CEO of Electronic Recyclers International (ERI), the nation's leading recycler of electronics and e-waste, and parent company of 1-800-Recycling.com. "Anyone anywhere can be a part of the recycling process – whether you are at home or at work. Our site, our phone system and our app are all available, free of charge, to increase accessibility to the recycling process. It used to be a challenge to figure out how and where to recycle unwanted items – now, thanks to the variety of technologies we've developed, we are literally bringing simple recycling tools to everywhere that life happens."

1-800-Recycling.com provides users with nationwide outreach to help users find [recycling locations](#) nearest to them (every zip code in the country is covered) for whatever it is they wish to recycle.
